

Statement from WIADCA on the passing of their President, Mr. William Howard

It is with great regret and insurmountable sadness that we announce the sudden passing of our beloved President, Mr. William Howard. We send our condolences, love and support to his family and ask that their privacy be respected. His legacy in our community and within our organization has been impactful to many and will remain a beacon for many generations to come.

Godspeed to a giant and a champion that worked tirelessly to keep the culture, contributions and legacy of Caribbean people alive.
